

18-0100234

Greater movement. Better thinking.

Providing workers with environments that support wellbeing is essential to the success of an organization. Migration™ height-adjustable desk/bench allows users to transition from seated to standing height postures throughout the day, stimulating mental and physical activity.

A GLOBAL CHALLENGE

People are simply not moving enough throughout their workday. In fact, adults are sitting 50-70% of the time. This sedentary workstyle poses long-term physical challenges, from back and neck pain to repetitive stress injuries.

Steelcase

Migration™ Height-Adjustable Desk & Bench

Migration™ helps organizations and users to migrate from a non-height-adjustable to a height-adjustable desk/bench solution.
